Study on the effect of salinity of growth of **Nypa fruticans**, being carried out at VIB.

Study on tapping of juice from **Nypa fruticans** at Rajbhavan, conducted by VIB.

Spawn as well as mushroom production by Mahila Samity members of Sarada Ashram, Nimpith in collaboration with VIB.

The fruit bodies of a new strain of Paddy Straw mushroom collected by VIB.

Mothers with baby on their lap are seen waiting for medical check-up under Mother & Child Care Programme of SRAN-DW, Germany.

A newly constructed building of the Bijaynagar Vivekananda Vidyapith, a school runs by the Ashram.

## Obituary

*Born on 01.12.1921   Expired on 27.11.2003.*

*The Board of Trustees and the Members of the Governing Body of Sri Ramkrishna Ashram, Nimpith express their profound sorrow and intense grief on the passing away of Prof. Amiya Bhushan Banerjee on 27.11.2003 from this mundane world. he was a real friend of our Ashram and helped in all possible ways for the humanitarian course of this Ashram. In his departure the Ashram has lost a great patron and well wisher.*

*May his soul find refuge in eternal bliss.*

The road has extended upto Kultali P.S — the sand filling has completed – a PWD engineer is inspecting the work

A group of PWD Engineers are measuring the technicality of the sand filling — expressed their satisfaction.

*"The Grace of god does not consist in giving us our daily bread. Every Father is bound to provide his children with food and raiment. He is truly gracious when He gives strength to overcome our daily temptation."*

## ANNUAL REPORT : 2003-2004

We derive immense pleasure in presenting before the public the Annual Report of our Ashram and its branch institute for the year 2003-2004.

### Background

"Our Mission is for the destitute, the poor and the illiterate peasantry and labouring classes ....."

--- Swami Vivekananda

One hundred and fiftieth birth anniversary of the Holy Mother Sri Sri Sarada Devi is being observed in our country as well as in many places abroad, and we also solemnly remembered her as usual in December' 03 with special stress on, an embodiment of universal motherhood. The Holy Mother with her characteristic simplicity asserted that she was as much the mother of the vicious as of the virtuous. In fact, within the ambit of her all-embracing motherhood no one ever appeared stranger to her and everyone

felt oneself at home in the mother's loving environ. Her life abundantly exemplified how better to carry on one's work grasping God all the while as the Master desired us to practice for perfection of our human existence.

With her mind ever attuned to the Infinite, She extraordinarily managed to keep well up in hermony with her ever demanding brothers and crazy sisters-in-law and other inmates of her house as well as with her devotees differing widely in their temperament. She emphasized on our regular spiritual practice so as to enable us experience God for the fulfillment of our human birth. "One must always do somework. Only through work can one remove the bondage of work. Total detachment comes latter. One should not be without work even for a moment. Work helps one's mind" is one of the teaching, left for us to follow, of Holy Mother, who almost always plunged herself in some work or other, perferably for the beneficence of others, be it for meeting physical need or spiritual progress.

We fervently pray to the Holy Mother for her blessings to keep us adhered to her guide-line letting us never go astray.

"Kindness to creaturess! New Service to the living being in the sense of the Almighty"- marmured Sri Ramkrishna /dev once to His beloved disciple, the great Swami Vivekanananda advocated. "Go from village to village, do good to the humanity and to the world at large. Go to hell yourself to buy salvation for others..."

Inspired and impelled by the clarion call of Sri Ramkrishna

Dev, Sri Sri Ma Sarada Devi and Swami Vivekanananda, Swami Buddhanandaji Maharaj, an altruist monk, founded Sri Ramkrishna Ashram in 1960-61 at Nimpith with avowed mission to serve the distressed, the deserted and the destitutes as adorable Shiva in obscurity of the Sundarbans. The Ashram had virtually waged a ceaseless war against poverty, hunger, ignorance and social injustice, though scanty were its resources. The odds and impediments were innumerable and overwhelming in magnitude. The natural inaccessibility and a host of other odds and impediments could not but gave in to the undaunted Swamiji on his sole objective of bringing all round development to the forlorn and forsaken segments of the society.

In consistent advancement of Ashram's mission increasing number of munificent people came in with their mites to fortify its capability of offering service to the distressed and the hapless. The Ashram was also endowed with sustained support and unstinted assistance on specific projects from various Departments of both the State and the Union Governments for the benefit of the target people. Generous contributions also flowed in from Philanthropic Trusts and Funding Agencies at home and abroad. With a view to embracing larger and larger number of beneficiaries the Ashram entered into significant collaboration with German Agro Action (Bonn), Rotary Club, Inner Wheel club of Calcutta Midtown, Inner Wheel Club of Central Calcutta, Village Youth Clubs etc. The intensive services in diverse field have been going on with indefatigable and selfless efforts unstintedly put in by monastic members, volunteers, teachers, faculty members and other personnels.

The people in Sundarbans had been crippled with appalling

poverty, terrific superstitions, colossal illiteracy, perplexing unemployment, unhygienic living condition and a series of other miseries and misfortune. The Ashram modestly set about to tackle people's problems, at least to some extent, with a view to serving them in the best possible way with its limited capacity. The Ashram's services to the have nots and the needy were planned to bring gradual self-reliance of the beneficiaries shunning down any discrimination what so ever in regard to caste, creed, gender or religion. With priority on the spread of education in order to cope with many of social ills, it set up schools, beginning from Nursery and Primary level, subsequently followed by Junior High, High and Higher Secondary level both for boys and girls separately.

Later the Ashram aimed at the amelioration of socio-economic status of the people of the region. Nimpith Ramkrishna Ashram Krishi Vigyan Kendra was switched on the action with multi-disciplinary extension services and residential training facilities for practising farm-men and farm women, school drop-outs and unemployed youths. Brisk enhancement of agricultural activities ensured heralding noteworthy change in agro-panorama in Sundarbans as well as ensuring substantial a fillip to intensive aqua-culture with composite prawn and fish rearing, which attracted a good number of entrepreneurs to devote themselves to augmentation of fish yield. Poultry management, horticulture, high yielding cattle raising and rearing and household food security by demonstrating back yard nutritional garden have been popularized.

Ramkrishna Ashram Janakalayan Kendra began its work through preparation and implementation of Integrated Rural Development programme and schemes involving specific village -oriented service through active participation by the village youth and the beneficiaries in far-flung villages.

Apart from Research Programme Vivekananda Institute of Biotechnology went carrying on demonstration, training and extension service in Farmer's field in the districts of the State. The institute also works on Mushroom technology, banana tissue culture for micro propagation, sustainable use of mangrove plants and on Neem technology.

The Ashram is managed by a Board of Trustees and a Governing Body comprising of monastic members, patrons, donors and subscribers elected by and from the persons in its General Body.

### **Ashram Activities**

The services to the needy and the neglected assumed priorities in its agenda and propagation of education came first in the list.

### **Education**

The Ashram has been conducting 11(eleven) educational institutions from Nursery level to Higher Secondary level . The teaching corps consist of two categories - the regular teachers who have been recruited by the Ashram as per set norms and subsequently approved by appropriate authority and the volunteer teachers also recruited by the Ashram on ground of exigency of coping with the increasing number of students on the roll in Ashram schools. The regular teachers are borne on Govt. grant while the volunteer teachers, on the funds raised by subscription from the subscriber members of the Ashram.

#### **Nimpith Ramkrishna Vidyabhavan (High & Higher Secondary School for boys ):**

has been in service from 1967 as a high School and with effect from 1997 - 98 as the Higher Secondary for class XII.

boys with Science , Arts and Commerce. The Community Hostel attached to this school accommodates boy students coming from all communities including Scheduled Caste, Scheduled Tribe, Flayers' community and other backward classes domiciled in the interior part of the Sundarbans. This year there were 100 cadets in the National Cadet Corps from this school under the 20 Bengal Battalion. 32 cadets appeared in the 'A' Certificate Examination and all of them came out successful.

### **Nimpith Ashram Sarada Vidyamandir for Girls:**

has been functioning as High School for Sundarban girls since 1980 and is located at the Nimpith Sarada Ashram Campus. The school has been upgraded as a Higher Secondary School for Girls with Science and Arts Streams from the session 2001-2002. This school has a Girls' Hostel attached to it within the same campus, exclusively reserved for Girls of Scheduled Caste,Scheduled Tribe and other backward classes settled in the distant islands of the Sundarbans. This hostel is specially maintained under the overall surveillance of the Lady Superintendent who has been adequately assisted by some dedicated lady teachers in its day-to-day management. The Higher Secondary School Building for Girls has been completed with the financial assistance from the Inner Wheel Club of Calcutta Midtown and is ready for inauguration.

### **Nimpith Ramkrishna Ashram Type High School (Govt. Sponsored):**

has been recognized with effect from 1.5.2000 as a X-Class High School by the West Bengal Board of Secondary Education, Govt. of West Bengal. The school is a residential one with 180 students on the roll having 30 students in each class unit and exclusively reserved for Scheduled Caste and Scheduled Tribe boy students of the Sundarbans.

## **Tulsighata Jagatbandhu Institution and Bijoynagar Vivekananda Vidyapith:**

There are two junior High Schools located in the near by villages under the Ashram management - out of which one is sanctioned by the West Bengal Board of secondary Education, Govt. of W. B. while the other is yet to be sanctioned.

### **Ramkrishna Ashram Jr. Basic Shool :**

This is a I-IV class school. During the year under the Report the school has got a roll strength of 660 Students. The school is fully maintained by the Govt. of West Bengal and managed by the Ashram in its own building.

### **Ramkrishna Ashram Pre-Basic School -cum-Primary School for Girls:**

This school was established on 16.4.63 with sanctioned teaching and non -teaching staff of 2 and 2 respectively. The total number of students in Pre-Basic I&II and classes I to IV are 475 during this year.

### **Ramkrishna Ashram Shishu Shramik Vidyalaya :**

The Ashram runs this special school sponsored by 'Dakshin Chabbis Parganas Shishu Shramik Punarbasan Samity' under National Child Labour Programme. The special feature of this school is that unlike the contemplation of the National Programme it does not allow the rescued child -labour -turned pupils to go to their respective parents after daily lessons and vocational training ; they are indeed maintained in Ashram hostel there by precluding the possibility of their re-entry into previous hazardous occupations under pressure of severe poverty. These children belonging to the age-group of 10-14 years have thus been used to regularity, punctuality, good habit apart from taking regular lesson etc. They are guided to suitable vocational trade as per their individual aptitude. It is encouraging to place on record that 2 students of this school have been offered main-stream education and they have successfully passed the Madhyamik Examination and have been reading in class XII.

## **Extra-Curricular activities undergone by students :**

The students are encouraged to participate in social services and extra-curricular activities. The hostel students are accustomed to attend early morning and evening prayers in assembly at the Ashram Prayer Hall. They are also used to working in groups in the flower and kitchen gardens, raising trees, keeping clean environ etc. They play football, volley ball, cricket, badminton and other games in several playgrounds provided for them. Competitive tournaments of various games are arranged among groups of students. They also participate in the events of their choice in Annual Sports of each school. The successful competitors are encouraged with hand-some prizes.

### **Sports Coaching :**

**Long term Non-residential coaching Scheme on Football and Swimming sponsored by West Bengal State Council of Sports.** Nimpith Sri Ramkrishna Ashram has arranged for coaching for local school students on Football and Swimming at the Ashram Playground and in the Ashram Pond respectively. The Coaching Camps (Long Term) both on Football and Swimming have been sponsored and funded by the West Bengal State Council of Sports with effect from 1999-2000. The facility of coaching on Football is available for 25 boy students of age group 10-16 years and the same on swimming has been availed by 25 boy students of age group 10-14 years. The students of both the coaching camps practice twice daily in the morning and evening in the specific Ashram play-ground and Ashram pond under efficient trainers.

One should not hurt others even by words. One must not speak even an unpleasant truth unnecessarily.

-- Sri Sarada Devi

## Socio-Culture

1.A) The govt. Sponsored Ramkrishna Ashram Library has been rendering its usual service to the public. It has one trained Librarian who has been assisted by one Cycle-Peon. It has 8880 books and the members enrolled are 494 in number. The public find access to its reading room provided with two dailies and 35 Periodicals for use by them. During this year 3445 books were on the members.

B) Attached to the Library is Rural Museum managed by the Ashram. The clay modelos of folk gods, stone effigies, portraits, indigenous and exotic coins, dead reptiles and specimens of crop seeds are among the exhibits on display for public.

2. **Ramkrishna Ashram Mahila Samity** located in the Sarada Ashram campus at Nimpith runs the vocational training centre for deserted women and school drop-out girls. There are two trained lady teachers. One tailor and one female attendant to impart training and guidance to the trainees. The available trades are tailoring, embroidery and Needle work with the scope of earning even during the Training period. The successful trainees are provided with Certificates of Proficiency.

3. **Ashram Guest House** :- Overnight lodgings are available to the guests and visitors at the Ashram in P. G. Shah Guest House and Meera Banerjee Smriti bhavan on prior intimation to and confirmation from Ashram office at Nimpith.

4. **Indira Gandhi Memorial Community Hall** provides a spacious venue for conducting seminar, workshop, farmers' meet, film-show and cultural functions etc.

## **ANNUAL CELEBRATION**

A 5-day long “44<sup>th</sup> Annual Celebration with Agricultural Exhibition” of Sri Ramkrishna Ashram was held from 10<sup>th</sup> to 14<sup>th</sup> February, 2004 in the Ashram Vivekananda Playground premises at Nimpith. The theme of the Agricultural Exhibition was “Crop diversification for sustainable agriculture in Sundarbans”. Educative Stall on the said theme was developed by the Ramkrishna Ashram Krishi Vigyan Kendra , Vivekananda Institute of Bio Technology, Ramkrishna Ashram Janakalyan Kendra and Nimpith Sarada Ashram .

Dr. S.S.Ghosh, Vice Chancellor, WBUA&FSc., Kolkata has inaugurated the Exhibition on 10<sup>th</sup> Feb.,2004 at 12.30 p.m. in presence of Sri Ashim Bhattacharya, SDO, Baruipur, Sri R. K. Mali, BDO, Joynagar-II, Swami Sadananda, Secretary, Sri Ramkrishna Ashram, Swami Kalyanananda, Secretary, R.K.Ashram KV, other monastic members and Scientists of KV and VIB. In this occasion , an exhibition cum competition on different vegetables, fruits, flowers and agronomical crops was also organised.

On the inaugural day a Yatra performance was organised at 7.30 p.m. to entertain the rural people.

On the second day of the celebration a Seminar on “Crop diversification in Sundarbans in the light of cotton, groundnut and sunflower” and “Importance of application of Bio-fertiliser in different crops” was organised at 11.00 a.m. where high dignitaries like Shri Kanti Ganguly, MOS, Sundarbans Affairs, Shri S.P. Mondal PAO, South 24 Parganas, Shri Tapas Kumar Roy, PD and Shri Apurba Saha, DPD, DRDC, North 24 Parganas , Swami Sadananda, Secretary, Sri Ramkrishna Ashram, Swami Kalyanananda, Secretary, R.K.Ashram KV, Dr. D.Saha, Dr. B.K.Datta, Dr. S.Shi, Shri Supratik Maitra, Shri R.Banerjee, Dr. D. K. Roy, Dr. A.Roy, have also participated as speakers and

about 3000 farmers from different areas of Sundarbans joined in the said "Scientist-Farmers interaction".

On the same evening a cultural programme was held at 7.00 p.m. where Shri Jayanta Mukherjee & Party played Sehnai, Shri Abhikesh Adhikari & Shri Sanjoy Adhikari played Sitar and Tabla, Shri Sukumar Bauri & Party presented the Vocal and Shri Tarun Chatterjee & Party Folk Songs.

On 12<sup>th</sup> Feb., 2004 at 11.00 a.m. Shri Sanjib Chattopadhyay, Eminent Litterateur and Monastic members of Sri Ramkrishna Ashram participated in a religious discourses on the "150<sup>th</sup> Birth Anniversary of the Holy Mother – Sri Sri Sarada Devi" and then Shri Ashok Chakraborty played with Guitar and at 7.30 p.m. in the evening a Drama "Noti Binodini" was performed by Binapani Samiti of Salkia, Howrah.

A Seminar on "Different technologies on Fishery, Animal Husbandry and Home Science" was organised on 13<sup>th</sup> Feb., 2004 at 11.00 a.m. where Dr. T.K.Kar, Dy. Director, ARD, Govt. of W. Bengal, Shri P.Chatterjee, Dr. D. Saha, Dr. N.J.Maitra Mrs.M.Chakraborty of KVK, Nimpith and Dr. Tuhin Adak, BVS, Joy-II Block have delivered interactive lectures in presence of 350 farmers. Swami Kalyanananda, Secretary, R.K.Ashram KVK was also present in the said seminar.

At 7.30 p.m. local inhabitants have observed a Yatra performance on "Kajol Nayona Harini" presented by Bharati Opera, Kolkata.

A "Farmers' Gathering and Prize Distribution Ceremony" was held on the final day of the celebration i.e. 14<sup>th</sup> Feb., 04 at 2.00 p.m. where Dr. A. Barik, Director, DODC, Govt. of India, Dr. K.Sengupta, Ex-Director of Agriculture, Govt. of West Bengal,

present scenario of Agriculture in Sundarbans and its future prospects. Swami Sadanandaji Maharaj, Secretary, Sri Ramkrishna Ashram and Swami Kalyanananda, Secretary and Dr. Dipankar Saha, Training Organiser, R. K. Ashram KVK were also present on the dias.

At 7.30 p.m. the local people enjoyed the Yatra performance on "Kurukshtre Kande Kumari Janani" by Digbijoyee Opera, Kolkata.

### Ramkrishna Ashram Krishi Vigyan Kendra (KVK) :

Long back in 1979 Ashram has established its Agricultural Wing under the sponsorship of Indian Council of Agricultural Research – ICAR, New Delhi. The Ashram KVK has completed its 25 years' of service for the agrarians of Sundarbans. During this period KVK have promoted Agricultural Technology in the coastal Sundarbans through training, extension and action research. This institute is having the disciplines of Agronomy, Horticulture, Fishery, Animal Husbandry, Home Science and Plant Protection.

Like previous years, this year also KVK have organised training programmes both in the campus and outside the campus, demonstration on agro-technologies, Action Research on different crops and other fields. During the year under review the achievements of the activities have been appended below :

#### Training Activities :

88 nos. of vocational training programmes have been organised covering 2581 no. of participants. Out of the total participants 572 are women. 1266 participants among the total are belonging to SC & ST communities.

Apart from the above mentioned training programmes KVK have also organised training programmes on entrepreneurship

development for the Self Help Group members of different Sundarban Blocks, particularly the riverine GPs sponsored by the DRDC, North 24 parganas District. Most of the participants are women members and received training on horticulture nursery, animal husbandry practices, fisheries and other economically viable agro-techniques. College and University students have also been entertained for exposure programmes as study tours.

### **Demonstration :**

KVK organises demonstration on different agro-technologies to encourage and motivate the farmers of the locality to undertake diversified cropping sequence, latest varieties, and efficient use of land and water system during rabi-summer season. The following demonstration programmes have been conducted during the year.

#### i) Demonstration on cotton cultivation :

A project on "Cultivation of cotton in compact area" has been sanctioned by the Sundarban Development Board, Govt. of West Bengal to demonstrate cotton in 600 ha area. This project has covered 3173 no. of farmers in 5 Developmental Blocks. A close interaction with the farmers, SDB Growth Centre staff and KVK personnel has led a satisfactory result in the project.

Department of Agriculture, Govt. of West Bengal have also given responsibility to the KVK to conduct demonstration on cotton in other parts of South 24 Parganas district under the ICDP Programme of the Govt. of India. Demonstration in the 625 ha has been organised under this scheme. Introduction of integrated pest management, techniques for reduction for cost of cultivation and quality management of produce was the major modules of the programme.

ii) Demonstration on Sunflower cultivation :

KVK has conducted demonstration on cultivation of hybrid sunflower in rice-fallow system in 64 ha area. This crop has been demonstrated to verify its performance where a minimum live saving to a maximum 3 irrigations are available. In spite of profuse pest attack due to heavy moisture stress and high temperature the farmers have harvested satisfactory yield with 2 varieties excepting one. KVK in collaboration with the host organisation – Ashram have also procured the sunflower seed at a support price of Rs. 13/- from the farmers' door step.

iii) Front Line Demonstration :

a) KVK organised Front Line Demonstration ( FLD ) Programme sanctioned by ICAR on Oilseeds and Pulses. This programme was mainly aimed to demonstrate latest technology as a whole or a component of technology on the above mentioned crops to increase the productivity in the Sundarban agro-climatic situation.

PDM-54 variety of moong crop has been demonstrated in 66 farmer's fields covering 10 ha area where average yield of 10.54 q/ha has been received by the farmers which is 40% more than the local practices. 15 ha demonstration of groundnut in 123 nos. of farmers' fields have been conducted under this programme which has given 14.77 q/ha production which is 42% more than the local practices. Though the sunflower demonstration has been done in a large scale but KVK has undertaken FLD too on this crop with the latest hybrid varieties in 15 ha area where average yield of 12 q/ha has been received by the farmers. The cost : benefit ratio (CBR) shows an increase of 1: 1.47 over the previous years' CBR 1: 1.2.

b) KVK have organised FLD on hybrid tomato in Chandipur of Joynagar-II and Sripur village of Joynagar-I Dev. Block covering 10 farmers in a total area of 1.16 ha . The average productivity was 64.98 t/ha which is 4.2 times higher than the traditional yield.

iv) Demonstration on Elephant Foot Yam:

30 no. of demonstration in 3 Developmental Blocks in 0.012 ha each have been conducted where an average yield of 270 kg from this unit has been received by the farmers. Average increase in income has come about Rs. 950/- from this small plot of land.

v) Demonstration on tube rose flowers have been conducted in 3 nos. of farmers' fields covering 0.1 ha of area with the variety Calcutta Single to promote floriculture in Sundarban area.

(vi) A project on "Technological Empowerment of womenfolk of Sundarban" has been sponsored by the Rotary Club, Calcutta Midtown and implemented by the Home Science unit of the KVK. Housewives and the womenfolk of the Sundarbans were made aware on nutritional security through maintaining a nutritional garden at their backyard. Training on food processing and vermicompost were also conducted in different villages under this Programme.

**On Station Trial (OST) :**

As a regular activity, KVK conducts OST in its Instructional Farm on each agro-discipline. Basing on the results and observation of this On Station Trial and Testing KVK in future organises training programmes or large scale demonstration in the farmers' fields. Following trials have been conducted in the reporting year.

- 1) Effect of mulching materials on growth and yield of groundnut under rainfed condition during rabi-summer season with 6 treatments (Polyethylene mulch).
- 2) Influence of phosphorous and potassium level on the productivity of summer groundnut in coastal soils of Sundarbans with 9 treatments.
- 3) Effect of spacing on cotton varieties (8 vars.) during rabi-summer season in coastal Sundarbans with 24 treatments.

- 4) Effect of spacing on Sunflower varieties (9 vars.) during summer season in coastal Sundarbans.
- 5) Off season production of winter vegetables under low cost poly-tunnels. The experiment was formulated on 2 vars. of cabbage 7 different sowing dates to exploit off seasonality.
- 6) Effect of combined role of nitrogen, micronutrient and amino acids in integrated nutrient management in cabbage in rabi season. The experiment was formulated on 4 different levels of applied nitrogen with 3 levels of amino acids and micronutrients each.
- 7) Varietal performances of gladiolus (5 vars.) in coastal agro-climate of Sundarbans.
- 8) Effect of neem seed kernel extract on different insect pest of brinjal.
- 9) Effect of neem seed kernel extract on different insect pest of cabbage.
- 10) Effect of some newer chemicals against major insect pest of cabbage.

The Animal Husbandry Section has been maintaining a dairy unit with a herd strength of 38. 36033 litres of milk has been produced during the year. A 1000 broiler bird unit with 10 cycles has produced 8139 kg of ready bird. 2186 chicks and 7250 pieces off eggs have also been produced by this unit.

The Fishery unit has produced 13.20 million carp spawn out of which 6.56 million have been sold and rest has been stocked in KVK own farm . 7355 kg table size fish has been produced. 100 kg fingerling has been sold among the entrepreneurs .

#### **Seed production in Instructional Farm :**

Seed production is a major activity of the KVK to cater the need of supply of quality seed to the farming community.

Accordingly KVK has given proper emphasis on production of seeds of the major crops like paddy, mustard, green gram, wheat and lathyrus. Under vegetable, hybrid tomato, elephant foot yam, brinjal, radish. Bacella and palak have been considered for seed production.

#### **Extension Activities :**

KVK has organised 10 nos. of farmers' field day covering 310 no. of farmers. These field days have mainly organised on field crops, horticultural crops, fishery and plant protection measures. 11 Kisan Gosthi have been formed. Clinic Centres, Advisory Services, organising Ex-trainees Sammelon have also been done as extension activities. 40 nos. of technical programmes have been telecasted in the "Annadata" slot of E TV.

KVK has observed International Women Day on 8<sup>th</sup> June, 2003, World Food Day on 16<sup>th</sup> October, 2003 and National Science Day on 20<sup>th</sup> February, 2004 in different villages.

As a part of the extension activities KVK has presented the agro-technologies on diversified cropping sequences in its educative stall in the agricultural exhibition organised by the Ashram as a part of the Annual Celebration. Also a competition on vegetables, crops, fruits, cut flowers and cattle have been organised. The winning farmers were awarded with prizes .

### **VIVEKANANDA INSTITUTE OF BIOTECHNOLOGY**

Vivekananda Institute of Biotechnology, an Institute under Core Support Programme of DST (Govt. of India) and Technology Resource Center (TRC) programme of CAPART (Govt. of India), has entered its 13<sup>th</sup> year since establishment on 1991 with a project of Department of Biotechnology, Govt. of India. Now, this institute is recognized as Post Graduate Research Laboratory of Burdwan University and DSIR , Ministry of Science & Technology, Govt. of India. The major activities and achievements in this year can be summarized as follows :-

## **Programme on Biofertilizer Technology:**

### **It includes:**

**i) Soil testing and fertilizer recommendation:-** A model was developed to provide soil-testing service to the farmers of Sunderban region at their door step following a quick analysis method. This programme was initiated with the help of Sundarban Development Board, Govt. of West Bengal. The uniqueness of this model lies in the fact that rural unemployed youth from target blocks of Sundarbans were trained on soil testing methods. They were able to analyze total 7000 soil samples and provide fertilizer recommendations to the respective farmers. These rural youths could generate a sizeable income through this programme; one such a boy has earned an amount of Rs. 71,000/- . A database documenting the soil character in a dynamic fashion is developed based on the results obtained. One Ph.D. student is working on soil microbial diversity with particular reference to algae in Sagar Island.

**ii) Isolation, purification and maintenance of biofertilizers' strains:-** A number of strains of different biofertilizers have been isolated and at present total number of strains maintained are: *Azolla*- 6 spp, Blue Green Algae-400 *Rhizobium*-10, *Azotobacter*-21, Phosphate solubilising microorganism-37 and Vesicular Arbuscular Mycorrhizae-2.

**iii) Evaluation and selection of suitable strain in zone specific manner:-** Suitable strains of different biofertilizers are selected for specific agro-climatic zone through laboratory analysis, pot experiment and field trial.

A Young Scientist programme (supported by DST, Govt. of India) has been launched on the application of vesicular arbuscular mycorrhizal fungi for the cultivation of micropropagated banana in sundarban area. The same is the research problem for Ph.D. programme of the fellow.

### **iv) Production and distribution of biofertilizer:-**

After selection of the suitable strain, the same is produced in large scale using a low cost production vessel,

easy and less expensive, which is developed by ICRISAT, Pathancheru, AP. The status of production of different biofertilizers in this year is: *Azolla*- 2.83 MT, *Rhizobium*-0.350 MT, *Azotobacter*-0.276 MT, PSM- 0.096 MT, Vermicompost- 0.995 MT. A programme has been undertaken in collaboration with KVIB and State Bank of India, Nimpith Branch, for mass scale production of vermicompost.

**i) Development and production of neem product as eco-friendly pesticide:-** This programme, supported by UNDP-UNIDO and Ministry of Chemicals and Petrochemicals, Govt. of India, has been initiated 2 years ago and is still under operation. Production of neem seed kernel extract and its application has been popularized among the farmers through trials, demonstrations and awareness building camps. Total 8.638 Kg of neem seed kernel extract has been supplied to the farmers for trial and demonstration. Income could be generated amongst the rural people through collection and processing of neem seeds. This year 33.435 MT of neem fruits and 3.279 MT of dry seeds were collected. An income of Rs. 1,33,000 could be generated among 5316 rural person involving fruit collection and Rs. 32,000 among 2198 rural persons involving dry seed collection. During seed processing, 863 man days for male and 1663 man days income for female were generated.

Another project on the use of neem products is sanctioned by DST, Govt. of India and is to be launched soon.

### **Programme on Plant tissue Culture**

Germplasms of 14 varieties of banana are maintained in the institute. These are *Baischada kachakela*, *Martaman*, *Giant Governor*, *Robusta*, *Red banana*, *Pachamandan*, *Rasthali*, *Monthan*, *Nendran*, *Kanai Bansi*, *Chatim*, *Kanthali*, *Amrit sagar*, *Dwarf cavendish*. In this year, 3000 hardened plantlets has been supplied to the farmers. About 1700 bottled plantlets have been distributed to the Nodal persons and Mahila Samity for hardening. This is very important point to note that this centre has developed very low cost hardening facility. Thus hardening of tissue cultured

plantlets has been a source of income among the rural people specially women. A program on "Establishment of Papaya tissue in culture" has been initiated under the Young Scientist Scheme of DST, Govt. of India.

### **Programme on Mushroom Technology**

The programme on mushroom technology includes maintenance of germplasms of different mushroom varieties, optimisation of technology for cultivation of mushroom throughout the year and production and supply of mushroom spawn. At present 4 genera, 12 species & 22 strains of mushroom under the varieties, Oyster (*Pleurotus spp*), paddy straw (*Volvariella spp*) and Milky white (*Calocybe spp*), Button (*Agaricus spp*) are maintained in the laboratory. Two small scale production units, one at VIB and other at Mahila Samity are maintained where total 90 Kg and 213 Kg fresh mushroom were produced. In addition to this different mushroom producers of this village produced 1.00 MT fresh mushroom under our supervision. Total 19,841 packets of spawn were produced in this year, out of which, 15,532 pkts were for the mushroom producers. About 5,000 spawn pkts were supplied to the beneficiaries in collaboration with Sundarban Development Board, Govt. of West Bengal.

### **Programme on Sustainable use of mangrove Plants**

An important mangrove plant, Golpata (*Nypa fruticans*), is considered as an endangered plant in this region. Work is being carried out to domesticate this plant in brackish water area. A young scientist project, funded by DST, Govt. of India, is being executed at present, on this important plant. This is in continuation of our previous DBT sponsored project on the studies of biology and genetic diversity of *Nypa fruticans* from Sundarbans. One Ph.D. Student is working on this important palm.

### **Programme on Vocational Training**

Under a programme on Technical Human Resource Development, sponsored by UNDP and DST, Govt. of India, 233 rural persons have been trained on different aspects of Biofertilizer technology and Horticultural Biotechnology and they are acting as our nodal persons. Many of them are successful entrepreneurs.

Based on this experience, programmes on vocational trades on soil analysis and fertiliser recommendation, microbial inoculant production and application, BGA, Azolla production and application, vermicomposting, mushroom technology etc. are being organised. One of the significant achievements in this year is publication of an Instruction Manual on the Biofertilizer technology with interactive CD. Two programmes on micro entrepreneurship development are sanctioned by DST, Govt. of India.

### **Others :**

Under the programme on Women Technology Park at Sagar Island, the needs of the area were identified; three projects are under implementation and submission. In collaboration with Sarada Ashram Mahila Samity, different value added products, worth Rs. 15, 795/- have been produced.

During this year a regional workshop on neem, involving UNDP-UNIDO, Govt. of India, Govt. of West Bengal., Bidhan Chandra Krishi Vidyalaya and NGOs were organised. Three district level workshops on the same topic were organised. Two national level workshops for trainers from different states under the project "Technical Human Resource Development through Vocational Training" in Bio-tech trade were held. The Group Monitoring Workshop of Science and Society Division of Department of Science and Technology were organised. "Total 150 trainings, both on campus and off campus were three exhibitions organised by VIB". Three research papers were published during this period.

### **Technology Resource Centre:**

**Banshidhar-Chandrakala Daga Bhavan:** This Commodious Building attached to the Vivekananda Institute of Biotechnology is being utilised as the Techonology Resource Centre by way of conducting multi-purpose training to the farmers (both men and women ), holding Workshop & Symposia etc. along with the board & lodging facilities for the trainees and the trainers. This Bhavan is also equipped with the provision of moderate Bio-tech Research Laboratories facilities . Gratitude goes to the Trustees of Shri Bansidhar Daga charitable Trust as well as the Members of the Daga Family for sharing the maximum cost of construction of the whole Building complex.

## **RAMKRISHNA ASHRAM JANAKALYAN KENDRA**

Ramkrishna Ashram Janakalyan Kendra (RAJK) is the development Wing of the Ashram and is involved in overall rural livelihood development through participation of Community members and local Youth Clubs. The RAJK which aims to serve humanity, is inspired by Swami Vivekananda's concern for the poor, neglected and exploited people in the remote Village of India. RAJK started functioning since 1989 and it has been able to diversify its working arena towards skill developments. Service to farmers field, health awareness, environment consciousness, strengthening village level cooperation, medical services to the mothers & would be mothers providing supplementary nutritious food & medicine particularly in the areas predominated by poverty, miseries, utter ignorance & other woes.

However, activities so far envisaged by RAJK under RDP in different phases are still being wheeled in all operational fields. The representative of the Government, DW, Germany, donors & others pay frequent visit to the operational areas for on the spot assessment of RAJK. Thereby they portray a positive impression and if required, they suggest and other way round implementation pattern to make the entirely activities more effective. Since inception, Government, Donors, other funding agencies including large foreign aid from DW, Germany have been rendering our work of service.

### **Project Funded by DW, Germany**

#### **A. Rural Development Project, Sundarbans-Kultali, Mathurapur & Pratima Block.**

This was the two years project initiated in August, 2002. It embraced a large number of beneficiaries from adopted

five (5) villages namely East Sripatinagar, West Sripatinagar, Heramba Gopalpur, Kuyemui and Damkal into the fold of sustainable activities preserving environmental stability.

The principal objective is to enable small & marginal farmers to get rid of horrible poverty by improvement of their yields and income level through land shaping, desiltation programme for higher yield of aquaculture and utilization of Pond bundh with tissue cultured banana plantlets and vegetables. Also included in the objective is the improvement of the household income through support measures like broiler rearing, fruit and firewood planting around homesteads and by the side of the village roads etc. There was the provision for the benefit of community health and hygiene, sanitary latrines, sinking of tubewells. There was also construction of low cost house for homeless and hapless people of the Sundarban. Agricultural implements were distributed for common use of the farmers.

**During the year ended on 31<sup>st</sup> March, 2004, the following activities have been done:**

- i) 50 Poor farmers were supported with Land Shaping Programme.
- ii) 40 members of the community were helped with Desiltation programme to enhance the productivity of their derelict pond.
- iii) 10 units of Broiler and 20 units of RIR - poultry rearing completed.
- iv) 3 units of low cost house were constructed and handed over to the poor target owners in the Villages.
- v) 150 units of single latrine were constructed.
- vi) 9000 Nos. banana plantlets were distributed among 600 Nos. beneficiaries in 5 (five) model Villages.
- vii) 2000 Nos. of fruit plants and 5000 Nos. of fire wood plants were distributed among 500 beneficiaries.

- viii) 5 (Five) Mid-year Review Workshop and 1(one) Annual Workshop were organized for the stake holder of 5 (five) Farm Science Clubs.
- ix) 3 days residential training on SHG, micro credit was organized at Nimpith where 31 participants attended the said programme.
- x) Conducted PRA in 5 (five) adopted Villages.
- xi) Household survey in 5 (five) Villages was completed.
- xii) Participation of 3 (three) project staff for Finance Management Workshop and 4 (four) project staff for workshop on Planning and Orientation for GAA programme partners which were held at Ramkrishna Misson Ashrama, Narendrapur from 21<sup>st</sup> – 25<sup>th</sup> July, 2003 and 8<sup>th</sup> – 10<sup>th</sup> March, 2004 respectively.
- xiii) Seven (7) staff members visited to MYRADA, BANGALORE for Exposure cum Study tour on SHG during the period from 08.09.2003 to 12.09.2003.
- xiv) Six (6) staff members have got an opportunity to enrich their knowledge on Micro finance through Exposure cum Study tour at SEWA, AHMEDABAD, GUJARAT on and from 22.03.2004 to 26.03.2004.
- xv) Training on Agriculture & Fishery were organized by Agriculture & Fishery Expert of the Project.

#### **B. Children Feeding Programme at Kaikhali:**

Since the inception of this development work, RAJK emphasizes on building up local leadership. The feeding of the children was continued with provision of lunch at school backed up by educational aids along with sports accessories for the pupil's overall physical and mental development.

This apart, the feeding programme includes periodical check-up by expert medical team providing requisite vitamins medicines. The motto of this programme is to train-up

i) To reach the effective health care services to the

poor children physically, mentally and educationally. RAJK's complacency is that students regularly attend the school and with pleasure take part in games and sports and prayers as a part of their regular routine work.

About 350 students have taken the benefit of RAJK's children feeding programme in literacy and awareness generation etc. Here lies triangular satisfaction of RAJK, the poor destitute babies and their parents.

In assurances of regular attendance of 350 poor children in their respective classes and effective prevention of premature dropouts from the pursuit of primary education as well, the programme was proved to be successful.

### C. Support towards Pregnant Ladies and Newborn Babies:

This is a continued programme for pregnant women belonging to the socially and economically marginalized groups such as the Scheduled Castes and Scheduled Tribes people.

Cost-free medical aid was continued to pre and post natal mothers and newborn babies year round to 200 lasting for 10 months. Out of a large number of women flocking up at four checking centers only 200 were selected after due examination by the expert gynaecologist, preference being accorded to those suffering from malnutrition, vitamin deficiency & anaemia. Besides fortnightly checking, the mothers embraced in the programme were supplied with prescribed vitamin rich medicines, nutritions, tiffins and supplementary foods free of cost to prevent the ailments they usually suffer from.

Under this programme, 24 mother underwent operation for permanent birth prevention while other 92 of them adopted temporary measures. This apart, 45 more mothers opted for permanent birth control.

RAJK in collaboration with the Medical Staff of Nimpith based Ramkrishna Rural Hospital and Primary Health Centre, Mathurapur II & Pathar Pratima Block organized Immunization Camps where both the mothers and the babies received immunization against fatal diseases, like tetanus, polio, diphtheria, whooping cough, tuberculosis etc. In last year, 383 mothers and 508 babies were immunized.

Random awareness camps by the Ashram medical team were organized at different locations to instil into people consciousness about family welfare and child-care, primary health care, sanitation and pollution prevention etc. Besides, Awareness Camp was arranged on Hepatitis – B, a fatal disease of liver which is now attacking people in this area, at Nimpith on and from April,2003 and three subsequent doses of Hepatitis – B Vaccination was given to attending mother and children from this camp.

The three years project started on 01.01.2001 has successfully been completed on 31<sup>st</sup> December,2003.

As in the past, the programme has been renewed for another four years.

#### **D. Mobile Health Care Service :**

A project on Mobile Health Care Service in collaboration with State Health Systems Development Project -II , Health and Family Welfare Department , Govt. of West Bengal with financial help of the World Bank , was launched from the year 1999. Initially the project was sanctioned for 3 developmental blocks but subsequently the Health Department , Govt. of West Bengal entrusted the Ashram with the service of two more developmental blocks.

#### **Aims of Project :**

- i) To reach the effective health care services to the

inhabitants of inaccessible parts of Sundarbans region falling under both mainland & island system under 5 ( five ) Development Blocks viz. Jaynagar-I & II, Mathurapur -I & II and Kultali to improve the health status of the people by reducing mortality, morbidity and disability.

- ii) To organize regular clinics in the project villages enabling people to avail quality medical care, through general clinics and special clinics.
- iii) To create awareness among the people on better health care services by availing of the benefit of Mobile Health Care Clinic.
- iv) To build a strong network of referral linkages, the patients from mobile health clinics to sub-centres, PHCS, Rural Hospitals.
- v) To organize special clinics by the specialist doctors in the field of surgery, medicines, eye, orthopaedics, skin , gynaecology and paediatrics.
- vi) To develop a comprehensive Health Information Management System with information from the grassroot level to Project Management Level .

#### Achievements of MHCS are explained below :

66 Health workers, 10 Health Supervisors and 5 Block coordinators were trained up on different aspects of health.

12182 health clinics were conducted in 76 remote villages both mainland and islands under 5 (five) Development Blocks. In these clinics 577854 patients were treated since 1999.

Special Doctors on child health , medicines, Gynaecology , Skin, Eye and Orthopaedics joined to Special Camps in different

locations of target villages and treated 9,296 patients referred by our MHCS Clinic doctors .

Awareness campaigning camps also organized to make the people aware about communicable diseases as on Sanitation, health, hygiene and family planning.

About 7.72% women adopted permanent family planning measures and 6.65% couples contacted for acceptance of temporary methods of contraception in consultation with doctors.

6222 pregnant mothers and 22,756 Children were also immunized against the 6 (six) fatal diseases.

Diagnostic services like X-ray, blood for routine examination, urine and sputum examination were also made available in the remote villages or islands of Sundarbans where no facilities were available earlier. 25,743 cases were examined in our Mobile Laboratory.

Serious patients from remote villages and islands have been referred to rural hospitals, State Hospital with the help of SRKA as and when required.

Linkage was maintained with local authority (Panchayat), Sub-Centres, Public Health Centres, Rural Hospitals, Sub-Division Hospitals as well as District Hospitals in order to facilitate the project activites.

### Evaluation Study

Rural Development Programme (Project Nos. IND. 1037 & IND 1076) and Mother & Child Care Programme (Project No. IND 1048) sponsored by DW Germany were evaluated during the period from 23.11.2003 to 12.12.2003 in the 8 (eight) Villages namely Purba Jata, Binodpur, Purba Sridharpur, East Sripatinagar, West Sripatinagar, Kuyemuri & Domkal of Sundarban Islands. The evaluation was performed on participatory method adopted by a team consisting of Dr. Alfred Jackle, Mrs Ursula Pattberg and Dr. Shibani Goswami accompanied by the staff of Janakalyan Kendra,

Ramkrishna Ashram Krishi Vigyan Kendra and Vivekananda Institute of Bio-technology. The team visited the project villages to enquire the beneficiaries comparing the project plan with the present situation from quality and quantity as the point of view.

## **SWARNA JAYANTI GRAM SWAROJGAR YOJANA**

Swarna Jayanti Gram Swarojgar Yojana is a Rural Self employed programme which was originated on the 1<sup>st</sup> April, 1999-2000. The objective of SGSY is to bring every assisted family above the Poverty Line within three years through provision of micro-enterprise. It is pertinent to be mentioned that the monthly income of the Beneficiary from the activity to be undertaken should not be less than Rs. 2000/- as well as having the ability to repay the Bank loan. SGSY will focus on organization of the poor at the grassroot level through a process of social mobilization for poverty eradication. SGSY lays on the group approach, under which the rural poor are organized in to Self-help Groups (SGSY). The SHG should also be drawn from Below Poverty Line (BPL), list approved by Gram Sabha. Under SGSY, the beneficiaries are known as Swarojgaries.

In this context Nimpith Sri Ramkrishna Ashram has been assigned responsibility by the District Rural Development Cell (DRDC), South 24-Parganas Zilla Parishad to form SHG in order to uplift the socio-economic condition of the poor inhabitants of four Gram Panchayat namely Futigoda, Sahajadapur, Maydah and Mayahouri under Jaynagar-II Block. Under this Programme 162 SHG have already been formed, of which 81 SHGs have qualified in the 1<sup>st</sup> Gradation, 46 SHGs have opened C.C. A/C. and also 20 SHGs have undergone the capacity Building Training on different activities like Fishery, Rope (Jute) Making, Furniture etc. during the year ended in March, 2004.

## **PROJECT FUNDED BY CAPART, NEW DELHI**

### **Drinking Water-Integrated Micro Rural Works through SHGs:**

This was a one year project initiated in September, 2001. It embraced a large number of beneficiaries from adopted seven (7) villages namely Nimpith, Tulsighata, Dosora Bhagawanpur, Chuprijhara, Chunarpukur, Dongajora and Narayanpur (Namkhana).

The principal objectives were to raise the income level of the poor strata of the Community living below the Poverty Line through integrated rural activities i.e., to sustain the crop and fish production of the small and marginal farmers through sustainable approach, to ensure additional income through supportive measures such as poultry and to enable the people to mitigate their thirst by providing pure drinking water through hand pumps. Therefore, provision for the benefit of community health and hygiene, sanitary latrines, low cost house for homeless and hapless people and also to empower the people of the society through Community Centre of the village was also envisaged in this Project.

A brief outlines of the progress work of the project during the reporting year described below :

i) The derelict pond of the 22 members of seven groups were selected under pisciculture programme reexcavated to augment the fish production and to earn additional income from the pond embankment by cultivating vegetable scientifically.

ii) Various training programmes and workshop have been organized by Sri Ramkrishna Ashram as envisaged in the project.

iii) Besides, the Group Members of seven (7) Village have conducted the Awareness Camps, discussion on village problems, sanitation, Group Activities. as and when necessary.

## Ashram's Branch Institutions :

### Ramkrishna Ashram Chhatralaya & Karyalaya at Kolkata:

It is the Ashram's Branch Institution situated at Chetla, Kolkata. This centre of the Ashram is utilised by accommodating poor but meritorious rural students from the surrounding villages of Nimpith and Kaikhali as a boarding house. These students, who can not afford to stay in Kolkata for their higher studies availed this benevolent opportunity offered for them by the Ashram.

Ashram also utilised this branch as the occasional halting station of the Ashramites, KV experts, teachers who frequently visit Kolkata for official purpose. Some students of the Ashram schools also require medical treatments from the specialist of Kolkata are lodged here as and when required.

Ashram also organises spiritual functions and discourses during Jagaddhatri Puja where many devotees join to fulfil their spiritual desire.

### Ramkrishna Ashram Island Service Centre at Kaikhali :

This is a branch institution established in 1983 by our revered late founder Swamiji – Srimat Swami Buddhanandaji Maharaj with the objective to uplift the poor community in all respects, particularly through practicing the latest agro-technologies. Spreading education among their children was also a main objective. This centre at present is having 25.6 ha area at the Xing of river Matla and Nabipukur. Now-a-days Kaikhali centre of Ashram is acting as a light house for the poor inhabitants of the Sundarban Islands.

### 1. Sri Ramkrishna Ashram Primary School :

Established in 1985 the school is housed in two storied building named as **Shanti Devi Mansinghka Smriti Bhavan**. Presently 460 students are at the roll strength of the school from among the near and far islands of Sundarbans. Out of the total strength 100 students from the economically down trodden and

belonging to SC & ST hailing from far flung reverine blocks of Sundarbans are also accommodated in a hostel attached to the school.

5 qualified teachers devotedly provide regular teaching to these children. Considering their poor economic condition, the students are also provided with reading materials like books, copy books, pencils etc. Sports and other co-curricular activities are also encouraged by the teachers. Ultimately the students becomes happy to receive the prizes and awards may be for the first time in their life.

## **2) Haridas Banerjee Memorial Guest House :**

Ashram visitors from different parts of our country and abroad are accommodated here.

## **3) Kaikhali Shopping Complex :**

Over a period of time, Kaikhali Ashram has created opportunity for economic upliftment of the community by way of practicing latest agro-technologies. They have increased their purchasing capacity. Ashram has erected a shopping complex where the daily vendors as well as permanent shop owners have been accommodated. Presently this complex are possessing medical shop, grocery shop and other shops related to daily commodities.

## **4) Solar Unit :**

The School of Energy Studies, Jadavpur University has installed this unit in the land gifted by the Ashram. The main purpose of this unit is to make the community aware about utilising the solar power by using solar lanterns. This centre is also in progress of continuing research on non-conventional energy studies.

### **Jhargram Service Centre of Sri Ramkrishna Ashram:**

Sri Ramkrishna Ashram have established its branch in the Srirampur village at Jhargram in the District of West Midnapur. The land and other properties for this centre has been gifted unconditionally by one NGO- " Indu Sushma Sneha Smriti Kalpa(ISSSK)" established by Late Debidas Biswas. The main objective of the Ashram for establishing this branch is to spread education among the tribal community and to establish agro-technologies for the red lateritic areas.

During the reporting year the centre has started On Station Trial and Testing of different crops like cotton, paddy, groundnut etc. The centre is also conducting demonstration on cotton in the surrounding villages under the technical support of the Ashram's KV.K. The centre has also started producing seeds and planting materials under the technical guidance of an eminent agricultural scientist – Dr. K. Sengupta, the former Director of Agriculture, Govt. of West Bengal.

A nursery school for the tribal children of the nearby villages is also run by this centre with the help of appointed teachers. A primary school is also run in a nearby village with the help of local volunteers on monthly honorarium basis.

In course of time, this centre will expand its activities in the fields of spreading of education, community development and agro-based activities for the dry land and red lateritic zones.

### **OTHER SERVICES RENDERED BY THE ASHRAM :**

**1) Ramkrishna Ashram Marketing Centre :** To rescue the small and marginal farmers and ill-fated fishermen from the clutches of middlemen Ashram has decided to establish a marketing centre. In 1979 with the financial assistance from PADI, New Delhi, DWHH, West Germany and Sundarban Development Board, GOWB this centre has come to its existence. To-day this

branch of the Ashram have become the focal point of employment opportunities of the rural youths of the community by way of establishing different enterprises in the minimum rent paid permanent stalls. Two permanent sheds are also used by the local vendors for vegetables and rice etc.

The marketing manager is responsible for its management duly assisted by one rent collector, two gate keepers, two night guards and one sweeper.

## 2) Free Eye Operation Camp :

Like every year this year also Ashram has organised Annual Eye Operation Camp at Nimpith for the cataract eye patients of the poor community. In this activity Ashram has received full cooperation from Nimpith Sri Ramkrishna Rural Hospital, NRS Medical College and Hospital, Kolkata. The primary selection of patients after suitable medical screening was done on 30.11.2003. The entire selected patients have been grouped into five batches for operating their eyes on the different dates.

The selected patients were admitted successively in batches in the eye camp organised on 15.12.2003, 22.12.2003, 28.12.2003, 04.01.2004, 12.01.2004, 18.01.2004. A total number of 279 patients have been operated their cataract by placing IOL. Out of them 106 were male patients and 173 were female patients. After operation, the patients were kept under the observation for nursing and dressing for four days. During this period they were supplied free food and lodging. All the batches of the operation were done by the Ophthalmic Surgeons of NRS Medical College and Hospital. Renowned specialist doctors like Dr. Kalol Mukherjee, Dr. Goutam Biswas, Dr. Mukul Biswas, Dr. Ashim Kumar Das and Dr. Anindita Mondal have operated the patients.

The expenditure of this programme was borne from the contribution made by Shanti Devi Mansinghka Trust, Kolkata,

Dewan Katumal H. Kripalani Endowment and Hrishikesh Chowdhury of U.S.A.

### 3) Construction of a Communicating Road from Jamtala to Kaikhali Island :

The State Govt. has offered the Ashram to take responsibility to construct a 12.6 km road from Jamtala Bridge to Kaikhali Jetty Ghat. Rs. 7.0 crore have been allocated by the Government as the total cost of the road. Nimpith Ashram as an NGO has received the bidding at 10% less of the total cost. During the reporting year the earth work of the entire 12.6 km has been completed. Spreading of sand, stone gravels and black top upto 4 km is almost complete. So far Ashram has received two instalments from the Government. The first instalment was of Rs. 20 lakhs and the second one received at the fag end of the year 2003-04 was Rs. 84 lakhs. Ashram is continuing the work by taking loan from the State Bank of India.

The main purpose of undertaking this project is to develop the communication system in the inaccessible islands of the Sundarbans. Ashram is forcing that in course of time the agricultural produce from the remotest islands of Kaikhali will very smoothly and quickly reach to the main lands of Sundarbans. People of islands will be able to reach main land very easily, therefore, will harvest the benefit of the modern amenities of the life – which was the dream of our founder Swami Buddhanandaji Maharaj.

### 4) Jala Seva Prakalpa :

Rotary Club of Calcutta Midtown is very much generous to sanction tube-wells under the Jala Seva Prakalpa of the Ramkrishna Ashram. So far more than 100 tube-well have been sunk in the main land and island villages by the Ashram funded by the same organisation.

### **5) Educational promotion for the girl students :**

The Inner Wheel Club of Calcutta Midtown has spontaneously and generously come forward with their helping hands by way of financial assistance for construction of an Annexe Building for the Girl Students of Higher Secondary Section of Nimpith Ashram Sarada Vidyamandir for Girls. An amount of Rs. 32,20,650/(approx) has been donated till date by the esteemed Club for the said purpose. The Higher Secondary School Building along with Science Laboratory and other facilities has been completed and is ready for inauguration.

Ashram has extended its Girls' Primary School annexe building to accommodate more girls students from the surrounding villages. The Inner wheel club of Central Calcutta have extended their helping hand in this project.

### **6) Hrishikesh Choudhury Endowment :**

Sri Hrishikesh Choudhury of USA, a benevolent donor have fallen into the ditch of love of our Ashram. He has helped with donation for eye camp. This year he has also helped in a project of entrepreneurship development of the rural womenfolk through vocational training on tailoring. 10 rural women have been receiving training on tailoring when they are provided with a stipend amount for the sustenance. These trained up entrepreneurs will ultimately fulfil the need of their family by stitching garments as well as they will act as master trainers of the interested womenfolk in the community.

### **7) Abode for Physically & Mentally Retarded Children including Child Labour :-**

This Master Project has been undertaken by the Ashram in order to provide facilities, to some extent, to the Physically & Mentally Retarded Children for the whole day so that they may have peace and solace in their monotonous lives. The Project also provides School Complex for the Child Labour. The estimated

cost of the whole Building will come to the tune of Rs. 1.0 crore. About Rs. 3.0 lakh has so far been collected for the said cause. The work of construction under the Project has been started and continuing.

### **8) Project Toilet :-**

In course of our Rural Development Activities as well as Mobile Health Care Services in the remote and in accessible areas of the Sundarbans, it had been noticed that the poor villagers, particularly the women folk are facing great difficulties for want of sanitary latrines, which create unhygienic atmosphere. To cope with the situation the Project Toilet has been undertaken by the Ashram with the initiative and financial support from the Inner Wheel Club of Calcutta Midtown, for which we are really grateful to the Honoured Members of the esteemed Club. So far, an amount of Rs. 5,78,000/- has been received for construction of 193 units of the Toilet.

## **ENDOWMENT FUND**

<b>Sl. No.</b>	<b>Name of the Endowment</b>	<b>Amount(Rs.)</b>	<b>Purpose</b>

Secretary

## **MESSAGE**

“To become great one must be humble.  
The tree laden with fruit always bends low.  
So if you wish to be great, be lowly meek”.

—*Sri Ramkrishna*

“You see, my son, it is not a fact that you will never face dangers. Difficulties always come but they do not last for ever. You will see that they pass away like water under a bridge”.

—*Sri Sri Sarada Devi*

“Stand up, be bold, be strong. Take the whole responsibility on your own shoulders and know that you are the creator of your own destiny. All the strength and succour you want is within yourselves. Therefore make your own future”.

—*Swami Vivekananda*

## AUDITOR'S REPORT

We have audited the attached Receipts and Payments Account, Income & Expenditure Account and the Consolidated Balance Sheet for the year 2003-2004 of SRI RAMKRISHNA ASHRAM, P.O. Nimpith Ashram, Dist. South 24-Parganas, West Bengal, India and all of its Projects & Branch Institutions which are in agreement with the books of account maintained by the said Institutions.

We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of the audit. In our opinion, proper books of account have been kept by the office of the above named Institutions visited by us so far as appears from our examination of the books.

In our opinion and to the best of our information and according to the explanations given to us, the said accounts give a true and fair view :-

- (i) in case of the Balance Sheet, of the state of the affairs of the above named Institution as at 31<sup>st</sup> March, 2004, and
- (ii) in the case of the Income and Expenditure Account of the deficit for the year ended 31<sup>st</sup> March, 2004.

**For Nandy, Halder & Ganguli**  
(Chartered Accountants)  
**Sd/-**  
**(Rana Pratap Nandy)**  
**Partner**

Date The 26<sup>th</sup> June, 2004

Inner Wheel Calcutta Midtown have extended their co-operation to the Ashram by helping the Annexure Building of Nimpith Sarada Vidyamandir HS Section Members are visiting the Science Laboratory.

The newly constructed Higher Secondary School Building of Nimpith Ashram Sarada Vidyamandir for Girls Financed by the Inner Wheel Club of Calcutta Mid-town is ready for inauguration.

Ashram's Marketing Centre have organized friendly football match between the branch institution — the final match with prizes displayed on the dias.

Two teams are ready for final match.
